

Costa Mesa Veteran Receives New Roof Installed by McCormack Roofing, Construction & Energy Solutions

Owens Corning Roof Deployment Project Gives Back to U.S. Military Veterans

Costa Mesa, CA, July 19, 2018 – Owens Corning Platinum Contractors are working with Habitat for Humanity of Orange County to provide new roofs to veterans in need and their families. Robert Souza, a local veteran, will receive a new roof on Wednesday, July 25, from McCormack Roofing, Construction & Energy Solutions, an Owens Corning Roofing Platinum Contractor, as part of the Owens Corning national Roof Deployment Project. This nationwide effort is a way to show gratitude and honor the veterans who served our country and the families who support them.

"This program hit home for us because it respects and honors these veterans and aims to give them the very best – like we do for all of our customers," said Jim McCormack, President of McCormack Roofing, Construction & Energy Solutions. "Born and raised in the San Gabriel Valley, I couldn't think of a better honor than to be able to give back to our community in this way."

[Owens Corning Roofing](#) and its [network of independent Platinum Contractors](#), along with support from the Owens Corning Foundation, are donating roofing materials and labor to replace roofing shingles on the homes of military veterans and their families throughout the country. Through a partnership with Habitat for Humanity of Orange County, Robert Souza was selected and approved as the recipient for the roof replacement.

"Our mission has always been to bring people together to build homes, community and hope," said a spokesperson for Habitat for Humanity of Orange County. "Owens Corning Roof Deployment Project is a great example of that – so many organizations have come together to give back to Mr. Souza it's inspiring and we're proud to be a part of it."
